

Response Summary:

Identifying Topics Usability Assessment

1. Student Information *

First Name	Megan
Last Name	Jacobs
Team Name (if applicable) (Enter NA if not applicable)	Visualizing Your Data
Course (e.g. CGT 270-001)	CGT 270-007
Term (e.g. F2019)	F2021

2. Email Address *

jacob143@purdue.edu

3. I think that I would like to use this method frequently. *

- Agree

4. I found the method unnecessarily complex. *

- Disagree

4. If you answered Strongly Disagree or Disagree, please provide a brief explanation below. *

It was rather straight forward for our team to follow along with this method. We did have to do a little research to understand but nothing that we couldn't figure out amongst our group.

5. I thought the method was easy to use. *

- Neutral

6. I think that I would need the support of a technical person to be able to use this method. *

- Disagree

6. If you answered Strongly Disagree or Disagree, please provide a brief explanation below. *

This was not that complicated of an assignment or research method to use.

7. I found the various parts in this method were well integrated. *

- Agree

8. I thought there was too much inconsistency in this method. *

- Disagree

8. If you answered Strongly Disagree or Disagree, please provide a brief explanation below. *

The group thought that the research method flowed easily and made sense as to how everything worked together.

9. I would imagine that most people would learn to use this method very quickly. *

- Agree

10. I found the method very cumbersome to use. *

- Disagree

10. If you answered Strongly Disagree or Disagree, please provide a brief explanation below. *

Again, this method was simple and effective. It outlined our topics, showed what working with it may look like and what possible avenues and other factors we would want to research within the topic.

11. I felt very confident using this method. *

- Agree

12. I need to learn a lot of things before I could get going with this method. *

- Neutral
-
